Age distribution of US cases, fatalities and case-fatality rates

Racial distribution of US cases, fatalities and case-fatality rates

Comorbidities

Top-ten joint causes of Covid mortalities, cumulative

As of Apr 17

For over 5% of these deaths, COVID-19 was the only cause mentioned on the death certificate. For deaths with conditions or causes in addition to COVID-19, on average, there were 4.0 additional conditions or causes per death.
